FACTS WORTH KNOWING

Keep it in mind that J. B. Meiner & Son's coals have made good everywhere and every way. We are giving the public the benefit of our 25 years' experience in the coal business which enables us to select the very best grades of coals that money can buy. We don't waste our time with cheap coals. Our Pocahontas coal is absolutely the purest coal coming to Chicago. Note the government analysis, Volatile matter 18.46, fixed carbon 77.92, Ash 3.62, surphur .80, heat units (B. T. U.) 15119. Pure coal means that you are not buying slate or other impurities which as a rule weighs three times as much as coal.

Our Illinois coal is mined in Saline County and sold as "Harrisburg for Heat," it is today in the lead of all Illinois coals. Burns up clean, no clinkers, and lasts all night, is perfectly screened and suitable for any purpose.

Our hard coal is the Delaware, Lackawanna & Western R. R. Co.'s Genuine Scranton Coal. This coal burns up to a nice white ash, no clinkers and will suit the most exacting buyer. Hard coal prices will advance every month.

We are as near to you as your telephone. Delivery everywhere. Phone Stewart 70. J B Meiner & Son, 71st St. and Rock Island R. R.

A Tekla Elfa meeting was held Saturday, April 12th, at the home of Miss Evelyn Sarber, 8521 Carpenter Street.

POCAHONTAS COAL IS BACK

We consider ourselves fortunate in being able to obtain our former connection on the Famous Navy Standard Smokeless Mine Run Coal. This coal really needs no introduction to those that have used it before. But for the benefit of our new prospective buyers, will say this coal is very high in heat units, low in ash and absolutely pure, gives the greatest degree of satisfaction in any furnace, steam, hot water or industrial plants.

We want you to try a ton or a load so you can see for yourself. Once tried and you will use no other.

Delivery made anywhere; we are as near to you as your phone. Call us up, Stewart 70. J. B. MEINER & SON, 71st St. & C. R. I. & P. R. R.

TOM IRWIN NOW AT STERN'S

Mr. E. M. Stern takes pleasure in announcing that he has acquired the services of Mr. Thomas Irwin in the meat department.

"Tom" Irwin, as he is known to a host of friends in Auburn Park, is a man of long training in the retail meat business, having had a shop of his own at 56th St. and Racine Ave. for over fifteen years.

Besides being a first class meat cutter and an intelligent buyer of the best grades of meat wanted by his customers, Mr. Irwin is a gentleman, courteous in his manner and ever watchful to serve his patrons accommodatingly and just as they wish to be served. Patrons of E. M. Stern's Grocery and Market need not hesitate to make known their wants and desires to Mr. Irwin as he is ready and willing to give you just what you want, if you will only let him know what it is.

This spirit of willingness, however, is not confined alone to the meat department, but is the predominant element in the service rendered throughout the store from Mr. Stern, Mr. Irwin and their capable assistants, including "Scotty" Goldy, who has made himself well liked by all the patrons of this store.

Mr. Stern is indeed fortunate and wise in his choice of assistants and is to be congratulated upon his success.

Take your cleaning, pressing or repairing to Gus Bovik's Tailor Shop, 7822 Halsted St., for best results.

SWANGATAHA CLUB

A Farewell-Surprise party was given on Miss Anna M. Uhlhorn by members and friends of the Suangataha Club at her home, 7624 Sangamon St., Saturday evening, April 12, 1919.

Everyone had a dandy time and Miss Uhlhorn and family have the crowd's best wishes that they be as happy in their new home, 8023 S. Peoria St., as they have been in their old.

ATTENTION BOYS!

By Madame X.

In the last issue of the "Booster" one of the masculine persons of our beloved Highlands, speaking, so he said, for eight-tenths of the aforesaid gender, desired me to make known my identity. Knowing that one of these parties wishes to marry me, I shall say the following:

I am a fair and winsome maiden of two and twenty summers. I have light complexion, light hair—light head. As to stability, quantity, quality, be it known to all men that I tip the beam at one hundred and thirty pounds, a pleasing armful, you will allow, any old night when the lights are low. I do not wish to brag, but in a situation of this kind I can bat one thousand.

So that the gang, (Ed Smith, McInerney and Bill O'Connell) included, won't think me to proud and haughty, I wish to say, that on next Sunday evening, eight o'clock, I shall stand at the corner of Haas' Butter Store corner of Seventy-ninth and May. So that you may identify me, I shall wear a fur coat trimmed with Circassian walnut—and in my left hand I shall be carelessly holding a beautiful "forget-me-not."

The Weldon A. C., 79th St. and Lowe Ave., are hustling to beat the band to increase their membership up to three hundred members by May 1st. Why not join the Weldon's at once. The boys from Auburn Park over in France are inquiring about the Weldons and are anxious to get back home so they can join the club.

The Weldon's expect to run one of the largest picnics out of Auburn Park this summer.

Don't forget the Weldon's Spring dance at the Masonic Temple, 7832 Union Ave., on Wednesday, April 30th.

"WHAT EVERY WOMAN WANTS"

Wilfred Lucas, Grace Darmond and All Star Cast

SOME SAY—that there is a dominant desire, that every woman, rich and poor, woman of leisure and girl of the shop, has an overpowering craving for one thing, and that it is a desire that is never satisfied

OTHERS SAY—that *woman mostly wants "her own way,"* or "the last word" or the moon and all the stars, or a couple of automobiles, or plenty of cats, or pretty clothes, or love in a cottage.

SHE FOUND—"what every woman wants," and she found it after a heart-breaking search for what she thought she wanted. It wasn't at all what most people think every woman wants.

In Her Latest Success

"MARIE, LTD."

A typical story of metropolitan life. The tale gets its name from the millinery establishment of Marie Hilliard, the mother of Dina, the character portrayed by the star. Finishing her education, Dina comes to join her mother, and here she meets with that well known figure of the white lights of Broadway—the typical "sounder," the old roué, who has a string of chorus girl friends and patronizes Marie's shop on *their behalf. His attentions to the young girl arouses* the jealousy of one of his "chickens" with direful results. The outcome is a most interesting one.

Calumet High School and Auburn Park Grammar School Entertainment

Friday afternoon and evening, April 11th, the pupils of Calumet High School and Auburn Park Grammar School gave their annual school show. All of the organizations of the High School had a chance to exhibit their talent. The Boys' and Girls' Glee Clubs sang very well; the Beginning Dancing Class made a hit with their "Dixie Dance" and the Advanced Class did the "Ocean at Sunrise" and "Flag Dance" with ease and grace. There were many other numbers on the program, the Calumet Orchestra being a prominent feature, and receiving enthusiastic applause for their extraordinary fine work. The Orchestra was trained by Miss Margaret Blood, the music director at Calumet. There were recitations by Phyllis Davis, Jessie Rumbaugh, and Lola Pickles. The first and second grades of the Auburn Park Grammar School won praise with their "Mother Goose in Action." The eighth grade boys did Club Swinging; there was an exhibition drill by the Calumet S. R. O. T. C. and fencing by the Calumet boys.

Last, but not least, was a French play entitled "Comedie L'Enfante Vole", given by the second year French students, under the direction of Miss Simmons. The cast is as follows:

Prologue—Katherine Keiffer.
Monsieur Le Fevre—Ralph Perdue.
Madame Le Fevre—Vonda Browne.
Jean, le Soldat—Frederick Wright.
Annette, la Bonne—Blanche Jorgenson.
Le Garcon—Laura Sikes.
Un Agent de Police—Teckla Johnson.
Un Gamin—Harold Gelder.
Une Patissiere—Lillie Mae Humphries.

Scene: Before a cafe.

Monsieur and Madame Le Fevre conceal themselves behind a tree to discover whether Annette takes proper care of the baby. She converses with Jean. They carry off the baby. The baby's loss is discovered. The Police are summoned. Everyone is questioned. Monsieur and Madame return and dismiss Annette. Her tears are checked by Jean's proposal.

Day of Quill Pen Gone.

Trite as true is it to say that times change and the manners with them. Although the habit of carrying the pen behind the ear has not altogether disappeared in this day of the fountain pen, typewriter machine and other similar devices, the quill pen, so far as the present generation goes, is now more of an adjunct of romance, stage settings and motion pictures. The fountain pen does not lend much artistic atmosphere to such as these.

Elder Ducks.

Elder ducks are numerous everywhere in Norway. Being the producers of the valuable elderdown, a staple article of trade in Norway, they are rigorously protected by law, and are in consequence so tame as in many places to approximate a domestic fowl. The birds are regarded with far from friendly eyes by the fishermen, by reason of the damage they work among the spawning beds of the fish. Lobsters in particular suffer severely from their devastations.

Sharing the Joy of Life.

The only real happiness in this life springs from doing things for others, and nothing gives us greater pleasure than bringing our loved ones a box of candy, of which we are very fond.—Columbus Ohio State Journal.

No Microbes in High Altitudes.

According to eminent scientists, not a single microbe exists in mountain air above the height of 2,000 feet.

Can You Beat It?

To prevent misuse of automobiles a device has been invented that prints within a locked box a record of the time and duration of every stop made by a car to which it is attached and the distance and speed between stops.

Found His Stories in Dreams.

Human dreams are instinct with imagination, as is shown by the case of the romancer R. L. Stevenson, who asserted that he had so trained his dreaming mind by self-suggestion that it furnished him with the conception of some of his best stories. Anybody who can do that may make a mine of his dreams.

Relic of Long-Past Age.

While cutting peat in the Leithen Headwater area, the shepherds unearthed a horn, which may have belonged to Bos primi-genus or Bos longifrons, the wild oxen that roamed over Britain from the glacial age to near historic times. It was found at a depth of four feet from the surface, and the shepherds also averred that there was a small patch of brown hair attached, which is quite probable, as the peat would act as a preservative. —London Mail.

Hughes—Yuzovka.

The first successful iron and steel mill in southern Russia having been established forty years ago by a man named Hughes, one of the largest steel centers in Ukrainia bears the name Yuzovka—in his honor.—Gas Logic.

Nothing Good Made in a Hurry.

No great thing is created suddenly, any more than a bunch of grapes or a fig. If you tell me that you desire a fig, I answer you that there must be time. Let it first blossom, then bear fruit, then ripen.—Exchange.

The Pipe of Peace.

What is the magic of a corncob pipe? No matter how peevish or irritable my husband may be, when he is smoking his Missouri meerschaum he will do anything I ask. Couldn't something about corncob pipes be put in the marriage ceremony?—Philadelphia Public Ledger.

Aid to Remembrance.

Dorothy has a habit of biting her finger nails. Her father promised her a ruby ring on her birthday if she would stop the habit. At the end of the first day she inquired: "Daddy, if I had the ring on my finger don't you think me could 'member more better?"
